

SleepWell Dental Consulting Sessions Featuring My Sleep Services

The ABC's of Home Sleep Testing – Finding
The right sleep clinic to fit your
dental practice needs.

Brenda Jungwirth
SLEEPWELL DENTAL
CONSULTING

Home Sleep Testing shouldn't be confusing.

But for many patients and providers, it can be.

In this webinar, we'll show you how our team simplifies the sleep testing pathway, supports your patients clinically, and guides them from testing to treatment with clarity and confidence.

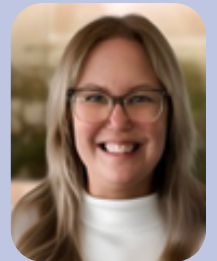

Meet the clinicians, learn the process, and see how we set patients up for success — from sleep-disordered breathing education to oral appliance therapy and insurance navigation.

Amanda Clarke
SLEEPWELL DENTAL
CONSULTING

Screening patients for Sleep Apnea - learn a simple, efficient, and team-driven system.

- Screen every patient—efficiently and consistently
- Empower your team to lead the conversation
- Elevate the patient experience
